

Votes to Repeal Health Care in CA-01 REPRESENTATIVE DOUG LAMALFA

In 2017, Congressman Doug LaMalfa took major votes to cut, cap, and otherwise undermine the health care of his own constituents. Urge him to stand with California consumers and against the still-pending proposals that continue to put our patient protections at risk.

VOTED YES ON TAX BILL¹,

- ✓ Increased premiums
- ✓ Raised taxes on some Californians
- ✓ Giveaway to billionaires, corporations, and big pharma

VOTED YES ON AMERICAN HEALTH CARE ACT², to

- ✓ Strip health care from millions
- ✓ Cut and cap Medicaid (Medi-Cal)
- ✓ Undermine patient protections including those for pre-existing conditions

VOTED YES ON HOUSE BUDGET BILL³, to

- ✓ Repeal the Affordable Care Act (ACA)
- ✓ Cut Medicare
- ✓ Cut and cap Medicaid (Medi-Cal)

With 2017 Tax Vote, Premiums Up

Due in part to the 2017 tax bill, supported by Rep. LaMalfa, which removed the ACA's individual coverage requirement, health insurance premiums in CA-01 will increase an additional **\$634.86⁴** in 2019.

With AHCA & House Budget Votes, Coverage At Risk

Though not passed in the Senate, the American Health Care Act (AHCA) and House budget bill, both supported by Rep. LaMalfa, would have led to an estimated **96,005⁵** fewer people with health care coverage in CA-01.

Pre-Existing Conditions

In CA-01, **278,500⁶** people with pre-existing conditions would have been at risk of being denied coverage under the AHCA, and remain at risk under pending federal proposals.

Covered California

With the AHCA and House budget bill supported by Rep. LaMalfa, **25,510⁷ people in CA-01 would have lost \$18 million⁸** in federal funding to reduce the cost of their premiums.

27,090⁹ people in CA-01 bought coverage through Covered California in 2018, the state's marketplace for individual insurance set up under the ACA.

Medicaid (Medi-Cal)

The AHCA and the House budget bill would have cut Medicaid by over 25%¹⁰ by rolling back the Medicaid expansion, and instituting per capita caps. In **CA-01**, 35%¹¹ of residents are on Medi-Cal.

245,295¹² people in CA-01 are on Medi-Cal, and would have been negatively impacted by the proposed cuts.

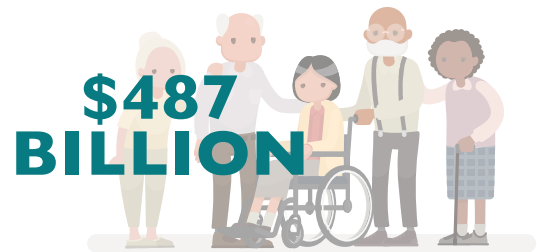

At least **70,495¹³** people in CA-01 would have lost coverage in 2020 under the AHCA due to the elimination of the Medicaid expansion.

Mercy Medical Center receives over **\$427 million¹⁴** in Medicaid revenue and cuts would have amounted to **around \$107 million.**

Medicare

The House budget bill would have cut the Medicare program, helping seniors and people with disabilities, by **\$487 billion¹⁵** nationally.
