With AHCA & House Budget Votes, Coverage At Risk

Though not passed in the Senate, the American Health Care Act (AHCA) and House budget bill, both supported by Rep. Rohrabacher, would have led to an estimated **88,219³** fewer people with health care coverage in CA-48.

Pre-Existing Conditions

In CA-48, **316,200⁴** people with pre-existing conditions would have been at risk of being denied coverage under the AHCA, and remain at risk under pending federal proposals.

Covered California

With the AHCA and House budget bill supported by Rep. Rohrabacher, **30,660⁵** people in CA-48 would have lost **\$14.5 million⁶** in federal funding to reduce the cost of their premiums.

35,540⁷ people in CA-48 bought coverage through Covered California in 2018, the state's marketplace for individual insurance set up under the ACA.

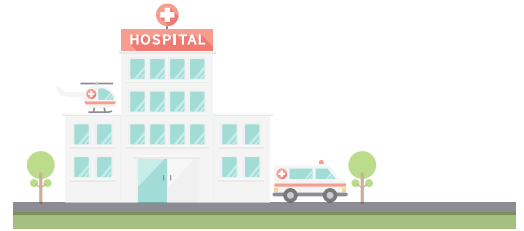

Medicaid (Medi-Cal)

The AHCA and the House budget bill would have cut Medicaid by over 25%⁸ by rolling back the Medicaid expansion, and instituting per capita caps. In **CA-48, 23%**⁹ of residents are on Medi-Cal.

166,817¹⁰ people in CA-48 are on Medi-Cal, and would have been negatively impacted by the proposed cuts.

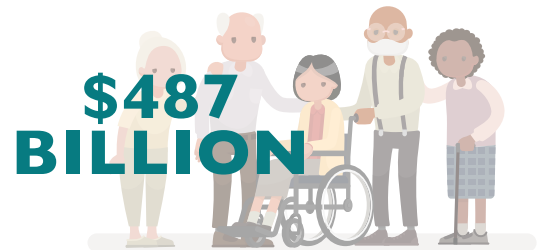

At least **57,559**¹¹ people in CA-48 would have lost coverage in 2020 under the AHCA due to the elimination of the Medicaid expansion.

UC Irvine Medical Center had more than **614,000** Medi-Cal inpatient and outpatient visits in 2016 and stood to **lose \$67 million** in annual revenue¹²

Medicare

The House budget bill would have cut the Medicare program, helping seniors and people with disabilities, by **\$487 billion**¹³ nationally.
