With 2017 Tax Vote, Premiums Up

Due in part to the 2017 tax bill, supported by Rep. Hunter, which removed the ACA's individual coverage requirement, health insurance premiums in CA-50 will increase an additional **\$475.50⁴** in 2019.

With AHCA & House Budget Votes, Coverage At Risk

Though not passed in the Senate, the American Health Care Act (AHCA) and House budget bill, both supported by Rep. Hunter, would have led to an estimated **78,353⁵** fewer people with health care coverage in CA-50.

Pre-Existing Conditions

In CA-50, **320,600⁶** people with pre-existing conditions would have been at risk of being denied coverage under the AHCA, and remain at risk under pending federal proposals.

Covered California

With the AHCA and House budget bill supported by Rep. Hunter **22,390⁷ people in CA-50 would have lost \$10 million⁸** in federal funding to reduce the cost of their premiums.

25,450⁹ people in CA-50 bought coverage through Covered California in 2018, the state's marketplace for individual insurance set up under the ACA.

Medicaid (Medi-Cal)

The AHCA and the House budget bill would have cut Medicaid by over 25%¹⁰ by rolling back the Medicaid expansion, and instituting per capita caps. In **CA-50, 28%**¹¹ of residents are on Medi-Cal.

211,915¹² people in CA-50 are on Medi-Cal, and would have been negatively impacted by the proposed cuts.

At least **55,963**¹³ people in CA-50 would have lost coverage in 2020 under the AHCA due to the elimination of the Medicaid expansion.

UC San Diego Health operates two hospitals that had more than **680,000** inpatient and outpatient visits in 2016 and stood to **lose \$72 million** in annual revenue.¹⁴

Medicare

The House budget bill would have cut the Medicare program, helping seniors and people with disabilities, by **\$487 billion**¹⁵ nationally.

Jobs & GDP

In San Diego County¹⁶ **15,000 jobs** and **\$1.3 billion** in GDP would have been lost due to the vote on the AHCA.
